

Sarca Bow Sprits or fair leads are unique to Anchorright's products, they come in a variety of sizes and suit all anchor designs, our bow sprits not only properly secure or house your anchor but allow for free falling when launching and correct alignment upon retrieving.

HEAVY DUTY BOWSPRITS

FEATURES :

Self launching

Manufactured from 316 stainless

Designed for max strength and durability

Self rights the anchor on retrieval

Rollers easy removed and replaced

*Heavy duty threaded thumb screw for anchor removal
(note: this only applies to Bowsprit range up to W3-4)*

Dual roller prevents bruising & chaffing of the anchor rope

Its design suits or can be adapted to most boats

Wide ranges of sizes available

3 years warranty (excluding rollers)

Sarca Bowsprits come in wide variety of sizes suitable for small tinnies up to super yachts.

SIZES :

A1-2 Bowsprit

W3-4 A Bowsprit (winch application)

W3-4 B Bowsprit (long mounting base)

W3-4 C Bowsprit (extra long mounting base)

W5-A Bowsprit

W5-B Bowsprit (long mounting base)

W6-A Bowsprit

W6-B Bowsprit (long mounting base)

The SARCA BOWSPRIT in Position.

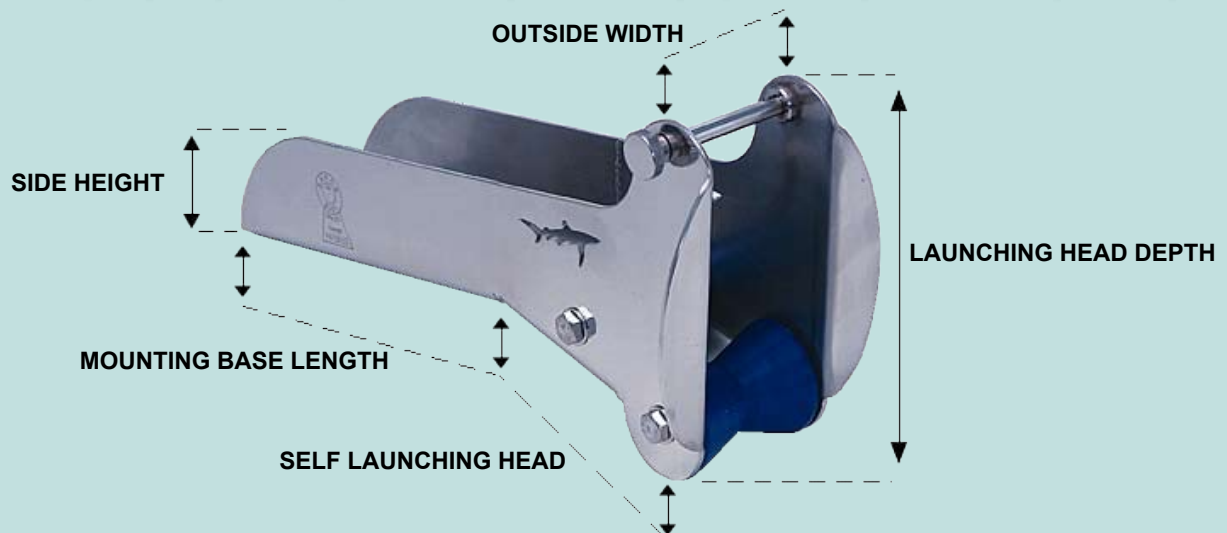

ALUMINIUM BOWSPRITS :

The aluminium range are extremely durable and offer the same benefits as the 316 S/S unit, on glass boats they are easily bolted for sturdy application, with aluminium hulls you can bolt or weld straight to the front of most boat designs to properly house or secure your anchor.
